

IDA HIGH SCHOOL

This flyer highlights some of the dress code that you will find in the student handbook. We find that not everyone takes time to read the entire handbook, so we're selectively choosing some things that seem to be the biggest problems through some picture illustrations. Also please be aware that if dress code is violated, students will be written up. The first time is a warning, but still a write up and then more write-ups will result in consequences. Hopefully this is helpful!

NOT GOOD*

All examples apply to both male and female students

Shorts need to have at least a 4" inseam.
 * Skirts must reach mid-thigh in length.

Another thing that is often misunderstood is our rule on spandex or leggings. Please be aware that our dress code states that these cannot be worn as pants. They may be worn properly under a dress, shirt or skirt that is mid-thigh in length.

We realize that some of the most popular fads in fashion are not always the best choice to be worn at school. That is why we are asking parents to help us help your student understand these boundaries.

We want to create the best environment for education possible. While fashions change, the reason for being in school does not. Students are in school to learn. Any fashion (dress, accessory, or hairstyle) that disrupts the educational process or presents a safety risk will not be permitted. Personal expression is permitted within some general guidelines that we've stated here.
